

Point of Care Testing COVID-19 Evaluation List

Key	Product approved for evaluation	Category	1	Laboratory molecular test
	Product reject		2	Molecular test on smaller platform
	Product moved to phase 2 evaluation		3	Antigen detection
			4	Antibody detection test

POCT Rapid Response													
	POCT rapid response	TGA	Method	Category	Test location		Test time	Evaluation Cost	Order size	Order information	Approved	Comments	New expected arrival dates
a.	Sona (COVID antigen detection Canada)	No	antigen	3			15 minutes		150 test	Jo			
b.	Livzon (IgG and IGM antibody detection China)	No	antibody	4			15 minutes	Free	150 test	asaf@diagnostx.com.au		Expected week of the 23/3 (2 different cards IgM/IgG)	Asaf 31/4/20
c.	Linear (IgG and IGM antibody detection Spain)		antibody	4			15 minutes						
d.	SD Biosensor (COVID antigen detection Korea)	No	antigens to SARS-CoV-2	3			15 minutes	5025	150 test	kherz@bioelect.com			Karl (approximately 1/4/20)
e.	SD Biosensor (IgG and IGM antibody detection Korea) - - \$27,500 for 1000 tests (minimum order volume)	No	antibody	4			15 minutes	4125	150 test	kherz@bioelect.com		Expected week of the 23/3	Karl (approximately 1/4/20)
f.	Lepu Medical Technology (IgG and IGM antibody detection China) - \$600 for 120 tests		antibody	4			15 minutes	600	120 tests	<a href="mailto:carolyn<sales@addcare.com.au">carolyn<sales@addcare.com.au		Expected week of the 3/4/20	Removed from list based on performance.
g.	NHS solution (IgG and IGM antibody detection UK)		antibody	4			15 minutes					Still in development	
h.	CTK Biotech, Inc., (On site rapid test)	Yes		4			15 minutes		150 Test			Expected in Australia week 23/3	Jake Weston (Sat 28/3)
i.	Atomo Diagnostics (2 device)	No	Commercialising a rapid Covid-19 RDTs	N/A								Still no responses 27/3/20	
j.	AM Diagnostics - DC	Yes	antibody	4			15 minutes	Free	150 tests	(0)433756674		Expected 3/04/2020	
k.	MD Solutions Australasia Pty Ltd	Yes	antibody	4	Westmead	Evaluation started	15 minutes					Started	
l.	Endox	Yes	antibody	4			15 minutes	22000	1000 (min order)	<a href="mailto:Sales Endox<sales@endox.com.au">Sales Endox<sales@endox.com.au		No stock	
m.	Promedical Equipment Pty Ltd	Yes	antibody	4			15 minutes	No Stock	No Stock	1300 886 590		No answer multiple calls	
n.	VivaDiag™ COVID-19 IgM/IgG Rapid Test	Yes	antibody	4			15 minutes			Device Technologies Australia Pty Ltd		Round 2 evaluations	
o.	Wantai SARS-CoV-2 Ab Rapid Test kit	Yes	antibody	4			15 minutes			Life Clinic Australia Pty Ltd		Round 2 evaluations	
p.	SARS-CoV-2 Antibody Test (Lateral Flow Method)	Yes	antibody	4			15 minutes			Advangen International Pty Ltd		Round 2 evaluations	

Point of Care Testing COVID-19 Evaluation List

POCT PCR												
	TGA	Method	Category	Test location	Test time	Evaluation Cost	Order size	Order information	Approved		Comments	New expected arrival dates
a.	Genexpert	Yes	PCR	2		45 Minutes	-	-	-	-	Expected arrive (end of Apr to early May)	
											At the moment, we can only support installed platforms with reagents, and this is already proving difficult, especially with the escalating situation of COVID-19 in Europe.	
											We will let you know ASAP when this situation changes. The QIAstat Dx is an exciting new technology where we at QIAGEN are interested in supporting our customers in the longer term and future.	
b.	QIAstat Dx	No	PCR	2		about 1 hour	-	-	-	-		
											Many thanks for your outreach and interest. Please, find here further information about our platform:	
											<ul style="list-style-type: none"> Fluxergy website about our COVID-19 testing solution: https://fluxergy.com/blog/sars-cov-2_update Testing workflow video for our COVID-19 solution on YouTube: https://www.youtube.com/watch?v=ntb40BZ9TB8&feature=youtu.be Regulatory status: we have pre-submitted for FDA EUA and will be submitting for EUA this Friday.	
c.	Fluxergy		PCR	2		45 minutes	-	-		fluxergyusa@gmail.com	Let me know if you want to schedule a call.	
d.	Randox		PCR	2		3 hr					The test time is 3 hr. Expected TGA is Apr. The device is stackable. There stock qty will follow. The device is not	
e.	BIOFIRE		PCR	2		45 Minutes					Awaiting response	
f.	Abbott		isothermal nucleic acid test	3		13 minutes
